Stage area dimensions: Stage must be flat and fully accessible for a wheelchair user - with preferred dimensions of a minimum of 8m x 6m. Dressing Rooms must also be fully accessible - it would also be preferable if a "wet room" style shower is also available backstage but this is not essential.

Lighting requirements: N/A.

Sound requirements: Download separate technical specification from: www.madeinscotlandshowcase.com.

Video requirements: We require a projector and suitable screen for film and photography which are an integral part of the show.

Number in touring company: 11.

Touring availability: Generally available.
