Stage area dimensions: Stage should preferably be a minimum of 8 metres x 4 metres but we can adapt to smaller stage sizes upon discussion. A projector screen is also required for the performance of **Song Noir**. We can also play a more conventional concert without screen.

Lighting requirements: Basic lighting rig as per standard live venue.

Sound requirements: Good quality mixing desk minimum 8 channels. Vocal mic Shure SM 58 or equivalent. Concertina mic Shure SM 57 or equivalent. Stage left stereo DI box, stage right stereo DI box. Minimum of two good quality stage monitors with separate mixes. We don't use any backline on stage.

Video requirements: Projector required for **Song Noir** Show.

Number in touring company: 2-4 minimum 2 with optional crew member and/or driver.

Touring availability: Available upon request.

Any additional touring info: Dressing room required.
