Stage area dimensions: Flexible from smaller to larger spaces. This piece can be performed in many contexts: theatre studios, gallery spaces, music venues, derelict spaces with electricity.

Lighting requirements: (at least) one strobe light suitable for the venue size - must be operated on stage by performer via a dmx controller and some additional lighting options which FK can make efficient decisions with during the get-in.

Sound requirements: The piece requires a large PA sound system (with playback function from laptop) with at least 2 speakers/tops and at least one bass-bin/sub woofer. The size of the PA depends on the size of the space. 3x wedge monitors required. 1x mic + 1x stand - 1x 15m mic cable.

Video requirements: N/A

Number in touring company: 4.

Touring availability: Autumn 2017 - 2019.

Any additional touring info: N/A
