Stage area dimensions: Ideal performance space is 11m x 11m but the piece can adapt for smaller venues. SDT tour an 11m x 11m black vinyl dance floor.

Lighting requirements: SDT require 4 x lighting bars overhead, ideally that will drop in to a lower height in the interval, if the piece is performed in a double bill. SDT tour some lighting equipment including pre-rigged side light towers and ETC ION lighting desk. SDT will require some equipment from in house stock. SDT tour 2 x Hazer Machines, run at a very high level.

Sound requirements: SDT requires a good quality PA and 4 x monitors.

Video requirements: N/A

Number in touring company: 16.

Touring availability: From September 2017 for 24 months.

Any additional touring info: Due to the lighting requirements the venue needs to have the facility for a full blackout.
