Stage area dimensions: 4m x 4m stage.

Lighting requirements: No specific requirements other than regular concert lighting. Ideally, it would be possible to have dimmed lighting for effect.

Sound requirements: 2 speakers on the same channel, one on either side of the stage. These must be able to connect with a 3.5 millimetre jack plug.

Video requirements: Ideally, a projector screen which could project images from a laptop. However, this performance can be scaled down so that this is not required.

Number in touring company: 1.

Touring availability: From September 2019 Onwards.

Any additional touring info: This show can be scaled down depending on the venue. While ideal, specific lighting and video are not a necessity. For exact information, please contact Sophierocksharp@gmail.com.
