8 Sunstrips/LED Battens (white)

4 Profiles

4 Fresnels

4 x 2m scaffolding booms

8 x stage weights

Lighting requirements can be adjusted/reduced if necessary depending on availability and venue capacity.

Sound requirements: 4 x stereo speakers

2 x subs

2 x SM58 microphones (or similar) with stands.

Video requirements: N/A

Number in touring company: 4 (+1 with engagement programme).

Touring availability: Available April 2024 onwards.

STUNTMAN

Any additional touring info: Additional set required if touring overseas:

2 x 8m rolls of white dance floor

if possible: interlocking foam mats covering 8m x 4m (under dancefloor).

Stuntman has been developed with an approach to engagement work that seeks to bring audiences to the show who may not normally access contemporary theatre, and to broaden the conversation around the themes of the work. If you'd be interested in offering engagement alongside the show please get in touch.
